

What's New in 2024?!

Updates effective January 1, 2024 and will be reflected on uhpwarranty.com as of that date.

- ❖ **The Ultimate Warranty now covers more items, including Bonus Appliance coverage!**

Bonus Appliance coverage covers one additional qualified appliance (range, wall oven, cooktop, stand-alone freezer, built-in dishwasher, built-in microwave, range exhaust fan, refrigerator, wine chiller, washer, or dryer) of the policyholder's choice.

- ❖ **Deductible now \$100 per malfunction. This remains at, or near, the bottom of the industry norms!**

- ❖ **The Application is no longer included in hardcopy form along with the marketing brochure.**

We're saving trees! And the majority of warranties have been submitted electronically over the last few years. You can now scan the QR codes found on the marketing brochure to file a [CLAIM](#), submit an online [APPLICATION](#), access the full [TERMS & CONDITIONS](#), and review our [FAQs](#).

For those still preferring to fill out the application with pen and paper, you can download and print the application by clicking [HERE](#). Or call our office (608-831-0285) and we'll drop some in the mail for you.

- ❖ **Washer and Dryer are now only included in the Elite and Ultimate warranties, but you may add a buyer coverage rider to a Basic warranty.**
